## SUMMARY

As a front-end developer with skills in HTML, CSS, JavaScript, React and more, I aim to provide an easier experience for the users and to focus on their problems firstly, rather than on the technical ones. Willing to continuously gather new skills and expand my actual ones, I do everything to stay up-to-date with the latest technologies of the mad, but beautiful, front-end development world.

## WORK EXPERIENCE

- **JUNIOR WEB DESIGNER**
  Easitill | Oct 2017 - June 2018
  Northampton, United Kingdom

  My responsibilities included the designing, the prototyping and the development of e-commerce and brochure websites, as well as improving brand identity, SEO and performance.

## PROJECTS

- **UNIPLANNER | 2018**
  Student planner and team collaboration web application created so that the users can keep track of their course, as well as collaborate by sharing notes and creating tasks.
  http://uniplanner.co.uk/

- **HOME-START NORTHAMPTON | 2017-2018**
  Working in a team of four, the WordPress CMS was used to develop a website that reflects and promotes the support offered by the charity.
  http://www.homestart-northampton.org.uk/
